

AMENDMENTS TO THE SPECIFICATION

Page 5, amend paragraph 4 (bridging pages 5 and 6) to read:

The ratchet wheel 60 is a substantially T-shaped socket. The ratchet wheel 60 has a periphery formed with a plurality of ratchet teeth 61 and has a bottom formed with an annular groove 62 for fixing a C-shaped snap ring ~~23~~ 63 which is rested on a bottom of the drive head 51 to secure the ratchet wheel 60 on the drive head 51.
